Dear Partners,

Thank you for your interest in partnering with the Boone County Fair! The Boone County Fair, a 501(c)(3) nonprofit organization, is dedicated to preserving and promoting the rich traditions of our county while investing in the future of our youth.

Through the generous support of partners like you, we are able to offer vital programs that nurture leadership skills and foster a strong work ethic in the next generation. Your contribution will directly support youth livestock programs, where young participants gain hands-on experience in animal care, agriculture, and business practices. These experiences are invaluable in shaping the leaders of tomorrow, while also strengthening the community's agricultural roots.

Partnership funds will also help sustain and grow county-wide traditions that bring people together, such as the Boone County Ham Breakfast, educational exhibits, and family-friendly entertainment. These traditions are a cornerstone of Boone County, promoting collaboration, community spirit, and local pride. By partnering with us, you not only help preserve these vital programs but also receive valuable recognition throughout the event, demonstrating your commitment to the county's growth and future. We invite you to join us in supporting these important initiatives, ensuring that the Boone County Fair remains a meaningful and impactful experience for all.

Your generous donation will not only demonstrate your commitment to the community but also provide you with valuable exposure throughout the event. We look forward to partnering with you to make this year's fair a great success!

Best Regards,

Jessie Kempf
Fair Manager
Boone County Fair

ABOUT THE BOONE COUNTY FAIR

The Boone County Fair, held annually in Columbia, has been a beloved tradition since its inception in 1835. This long-standing event showcases the rich agricultural history of the area while providing a place for the community to gather and celebrate.

Originally established to promote local farming, the fair has evolved into a dynamic mix of entertainment, education, and competition. The fairgrounds feature a wide array of livestock shows, 4-H projects, entertainment events, carnival rides, and local food vendors, drawing attendees from across the region.

Youth involvement is at the heart of the Boone County Fair, with 4-H and FFA members playing a central role in showcasing their agricultural and livestock projects. These young people are not only participants but also demonstrate leadership and responsibility by raising animals, creating art, and engaging in educational opportunities. The fair provides an invaluable opportunity for local youth to learn valuable skills while engaging with their peers and the community in a fun & safe atmosphere.

Looking ahead to 2025, the Boone County Fair is expected to continue its tradition of combining fun and education. In addition to the popular events, like the demolition derby and livestock shows, there will be new events planned this year, including Johnny Rockett's Cycle Circus Live and the Flying Cortes - a high-flying trapeze act. We also are looking forward to bringing a horse arena to the NERP which allows the Boone County 4-H Horse Show to return to the fair after a number of years.
